

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

ALTHOUGH a large portion of the substantive and the adjective law of India is covered by the enactments of the supreme and the subordinate legislative bodies, Indian case-law remains as useful and as important as ever. Important as the case-law is for a right interpretation of the statute-law made under the authority of the British and the Indian legislatures, it is indispensable as the only safe guide to those parts of law which remain uncoded. There can, I believe, be no doubt that a knowledge of the judge-made law is essential to the members of the Bench and the Bar, for a proper administration of justice. The large and constantly increasing multitude of volumes in which the Indian case-law is preserved can efficiently be utilized only if the apparatus for investigating them been made as complete as possible. This book has been prepared in the hope that it may be of some service as a part of such apparatus.

An attempt has been made to collect in this volume every case, whether Indian or foreign, which has been overruled, dissented from, not followed, disapproved, doubted, approved, followed, distinguished, explained or otherwise judicially referred to in the reports mentioned below :—

- (1) Acton's Reports (1809—1811) 2 vols.
- (2) Knapp's Reports (1829—1836) 3 vols.
- (3) Moore's Privy Council Cases (1836—1862) 15 vols.
- (4) Moore's Privy Council Cases, New Series (1862—1873) 9 vols.
- (5) Moore's Indian Appeals (1836—1872) 14 vols.
- (6) Law Reports, Indian Appeals, including Gap or Supplemental Volume (1872—1901) 30 vols.

- (7) Sutherland's Weekly Reporter (1862—1876) 28 vols.
- (8) Bengal Law Reports (1862—1875) 16 vols.
- (9) Hay's Reports (1862—1863) 2 vols.
- (10) Marshall's Reports (1862—1863) 1 vol.
- (11) Sevestre's Reports (1863) 1 vol.
- (12) Coryton's Reports (1862—1863) 1 vol.
- (13) Hyde's Reports (1863—1864) 2 vols.
- (14) Bourke's Reports (1865) 1 vol.
- (15) Madras High Court Reports (1862—1875) 8 vols.
- (16) Bombay High Court Reports (1862—1875) 12 vols.
- (17) Agra High Court Reports (1866—1868) 4 vols.
- (18) North-Western Provinces High Court Reports (1869—1875) 7 vols.
- (19) Indian Law Reports, Calcutta, Madras, Bombay and Allahabad Series  
(1876—1901) 100 vols.
- (20) Calcutta Law Reports (1877—1884) 13 vols.
- (21) The Madras Law Reporter (1876—1877) 1 vol.
- (22) Weir's Criminal Rulings of the High Court of Madras (1862—1887) 1 vol.
- (23) Ratanlal Ranchoddas' Unreported Criminal Rulings of the High Court  
of Bombay (1862—1899) 1 vol.
- (24) Calcutta Weekly Notes Reports (1896—1901) 5 vols and 6 Nos. of Vol. 6.
- (25) Bombay Law Reporter (1899—1901) 3 vols.
- (26) The Madras Law Journal Reports (1891—1901) 11 vols.

This work may be said to contain a history of all the cases judicially noticed (*i.e.*, showing whether overruled, followed, etc.) down to the end of December 1901 as far as such history can be gathered from the reported decisions of the Privy Council on appeals from India from 1811 and of the four chartered High Courts from the dates of their establishment. In the execution of such a plan within the limits of a single volume, economy of space was a necessity. The idea of giving the name, in addition to the series, volume and page of each case in which a particular case has been judicially noticed was found to be impracticable; and it was equally impracticable, even if it had been thought judicious to add comments. In fact the author has found it impossible to make the book more than an Index. The author desires to warn those who use this Index that it will often be unsafe to rest upon it alone without reference to the

report itself; for it will often be found that a case embracing several points, which is stated for instance as having been "overruled," has been overruled only as to one point, the other points decided in the case remaining perfectly sound. The author, therefore, desires this book to be used only in conjunction with the reports and not where they are not available for reference.

This book, it is hoped, will be useful for at least *three* purposes. *First*, to show how a case has been treated by the various Courts and how much of it remains good law. *Secondly*, to facilitate the finding of decisions bearing upon a particular point. This can be done by looking out a case upon the required subject and then going through other cases in which that case is noticed. *Thirdly*, to aid the historical study of the law. The author hopes this book will also be useful to Indian legislators. By its aid they will be able to learn the various judicial interpretations put upon the words and expressions found in their enactments and they can know where there is need to express their meaning in clearer and more unambiguous language, in order to minimise the uncertainties of law.

No effort has been spared to make this a complete collection of cases, but in a compilation of the kind, it is difficult to prevent errors and omissions from creeping in. Any reader who may detect any such defects will oblige the author by bringing them to his notice.
